TERMINATION OF CONTRACTS BY CONSUMERS

Consumers who have fulfilled their contract terms and wish to discontinue service must give at least three (3) days written notice to that effect, unless contract specified otherwise. Notice to discontinue service prior to expiration of contract term will not relieve consumer from any minimum or guaranteed payment under any contract or rate.

SERVICE INVESTIGATION CHARGE

1. A flat charge of ten dollars (\$10.00) per trip during regular working hours or fifteen dollars (\$15.00) per trip after regular working hours shall be made for service investigations in cases where interruptions of service are not caused by failure of the Cooperative's facilities.
2. This charge is for all the Cooperative area regardless of the distance from the office. It is not intended to cover any repair to the consumer's facilities and is simply an investigation charge.

METER POLES

1. A meter pole may be installed with original installation at no cost to the member provided as many as three metered services are used, emanating from the meter pole. If a meter pole is required by the member and less than three metered services are used, he shall be charged a ninety dollar (\$90.00) contribution.
2. A ninety dollar (\$90.00) contribution shall be made for meter poles installed on existing installations unless the load, in the judgement of management, will justify additional cost to be borne by the Cooperative.
3. The ninety dollar (\$90.00) contribution shall also apply to converting service pole to meter pole. In such cases, service facilities from meter pole to house shall be retired from the Cooperative's records and become the property of the owner.

METER READING

Each member receiving service shall supply the Cooperative with monthly readings on such date as designated by the Cooperative. Upon failure by the member to supply the Cooperative with three consecutive meter readings, the Cooperative shall then read the meter and charge the member twelve dollars and fifty cents (\$12.50) for the extra service rendered. In the event an error in reading the meter is made or member fails to return a meter reading, the member shall pay an amount approximately equal to his average bill.

FAILURE OF METER TO REGISTER

In the event a member's meter shall fail to register, the member shall be billed from the date of such failure at the average consumption of the member based on the three (3) month period immediately preceding the failure, or the average consumption during the same months of the previous year, where this would provide a more accurate representation of the consumer's usage.

METER TESTS

1. All meters shall be checked for accuracy before installation. The Cooperative shall, at its own expense, make periodic tests and inspections of its meters in order to maintain a high standard of accuracy and to conform with the regulations of the Public Service Commission.
2. The Cooperative shall make additional tests of meters at the request of the members upon payment of a fee of five dollars (\$5.00). When the test, made at the member's request, shows the meter to be accurate within 2% slow or fast, no billing shall be made and the fee shall cover cost of the test.
3. When the test shows the meter to be in excess of 2% slow or fast, an adjustment shall be made to the member's bill in accordance with Section 9 of Public Service Commission Regulation 807 KAR 5:006 E.

CONSUMER BILLING AND COLLECTING POLICY

1. Each consumer should read his meter after receiving his previous month's bill, but not later than the 25th of each month. The consumer will mark the reading in the designated space on the billing card and send the stub with the meter reading with his check in payment for the previous month's bill to the Cooperative promptly.
2. Bills will be mailed to consumers about the 8th of each month. Failure to receive a bill does not free the consumer from obligation to pay the bill.
3. When making payments for accounts on which a bill was rendered, the consumer shall enclose the stub from the bill to assure proper crediting of payment.
4. All payments are due by the last day of the month.
5. On the first of the month, cut-off notices shall be prepared and mailed for all unpaid accounts.
6. On the 12th of the month, all accounts still unpaid from the previous month shall be disconnected.
7. "Estimated Bills" shall be rendered on accounts when no meter reading is received from the consumer. The consumer shall pay the "Estimated Bill." Adjustments will be made for late reading only when the Cooperative Management considers an adjustment necessary.
8. Should a consumer consistently refuse to cooperate in reading his meter and mailing said readings in at the proper time, the Cooperative may read his meter for him and charge him \$12.50 for reading his meter for him.
9. A five dollar (\$5.00) fee will be charged for each check returned by the bank for insufficient funds, or other reasons.
