RATES AND CHARGES

SCHEDULE OF SPECIAL SERVICE CHARGES

1. (I) Meter Reading Recheck Charge. A charge of \$ 45.00 shall be made for a trip to recheck a meter reading when the customer requests the meter to be rechecked for a correct reading and the meter was not misread.
 2. (I) Service Reconnection Charge. During regular work hours, a reconnect charge of \$45.00 is required for the reconnection of a meter that has been disconnected for failure to pay bills. If service is reconnected other than regular working hours, the charge shall be \$61.00.
 3. (I) Meter Test. Upon request and payment of \$113.00, a customer may have his/her meter tested, provided request by the customer is not more frequent than once each twelve months. If such test shows the meter to be more than two percent fast, a refund of the \$113.00 charge shall be made and the bill adjusted accordingly. If the periodic testing requirements of 807 KAR 5:066(16) have not been met for meter testing, no charge will be made for the test regardless of the results of the test.
 4. PSC Meter Test Complaint. Any customer of the Association may request a meter test by written application to the Kentucky Public Service Commission.
 5. (I) Returned Check Charge. A charge of \$20.00 shall be made when a check is returned by the bank.
 6. (I) Service Charge. There will be a \$45.00 service charge to transfer an account, or open an account on an existing service.
 7. (I) Residential Customer Deposit. \$73.00.
 8. (R) Commercial Deposit. \$66.00.

SPECIAL CHARGES

1. Penalty of 10% added to all unpaid bills after the 10th day of the month.
2. The utility will require an equal deposit from all applicants of the same class of service. After eighteen months the deposit will be recalculated based on actual usage upon the customer's request or in the event the utility feels a larger deposit is required for security reasons. If the deposit on account differs by more than ten (10) dollars from the deposit calculated on actual usage, then the utility shall refund any over collection and may collect any underpayment. Refunds may be made by check or credit to customer's bill. Under no circumstances is the deposit to exceed 2/12ths of the customer's annual bill by more than the above mentioned ten (10) dollars. Interest will be paid on all deposits at six per cent (6%) annually. The interest will be computed by a method which will result in an amount no less than that obtained by using a middle course method between simple and compound interest in compliance with Commission Order dated October 31, 1989 in Case No. 89-057. Interest on deposits computed in this manner will accrue until credited to the customer's bill or paid to the customer. The deposit amount is \$30.00.
3. A charge of \$10.00 will be made for any check returned from the bank, as a result of NSF or other customer error.
4. A charge of \$25.00 will be made for the reconnection of any service disconnected for non-payment of bills or violation of Association Rules and Regulations.

RULES AND REGULATIONS

I. Service Classification. There shall be no distinction of this category.

II. Service Application.

- A. Any adult occupant of a single family dwelling; each residential unit in a trailer court, duplex or multiple dwelling building; or person owning property who had reasonable accessibility to the source of and who is in reasonable need of having water supplied to his place of occupancy or property may be a member of this Association. Applicants ~~who receive the approval of the Board of Directors~~ may be admitted to membership upon subscribing for a membership certificate and by signing such agreements for the purchase of water as may be provided and required by the Association and by paying all applicable charges in effect at the time of subscribing for membership, provided that no persons otherwise eligible shall be permitted to subscribe for or require a membership of the Association if the capacity of the Association's water system is exhausted by the needs of its existing members, unless the Association is ordered to do so pursuant to KRS 278.280.
- B. The Association may reject any application for membership when the Applicant is delinquent in payment of bills for service previously supplied at any location.
- C. Upon violation of any of the provisions of these rules or any of the rules of the Public Service Commission, the Association may remove the meter and discontinue service. Where the meter is thereafter reinstalled, the member shall first pay to the Association the reinstallation charge set in the special charges schedule. Members receiving service as a part of an extension of service are required to contract for service for one year. Such members shall pay for service according to the rates in effect, or the minimum monthly rate, whichever is greater, whether or not the member uses the service.
- D. The individual in whose name the membership certificate is issued shall be responsible for all bills incurred. Members shall be responsible for their own bills. Members shall pay all applicable deposits and fees before the meter is turned on.

III. Initial or minimum charges.

- A. The minimum monthly rate, as set in the water rate schedule will be due regardless of whether any water is used by the member during any month. Members shall not be charged for any month where service has been discontinued, unless the member is part of an extension of service having contracted for service for one year.

RULES AND REGULATIONS

- B. In the event the Association removes a meter for non-payment of bills, when service is again requested, the Association will charge the reconnection fee set in the Special Charges Schedule, and will require that all outstanding bills be paid.
- C. A tap shall be made for each new meter installation where a 5/8 x 3/4 inch meter is used regardless of the locations. The fee will be in accordance with existing special charges at the time the meter is installed. Each meter requires a separate meter reading sheet, and each meter reading sheet will cover a separate and individual account.
- D. All connections requiring larger than a 5/8 x 3/4 inch meter shall be installed at the existing fee for 5/8 x 3/4 inch meter plus the cost of additional material required for a larger meter installation.
- E. In the circumstance the Water Association allows a developer to install all or a portion of the meter installation, the charge for any remaining work or materials required to complete the meter installation will be paid by the person requesting the completion of the installation. The charges will be calculated by taking the established tap-on fee and subtracting all charges for work or materials not required to complete the meter installation.
- F. Water furnished for a given lot or farmstead shall be used on that property only. Each member's service must be separately metered at a single delivery and metering point. All commercial use, including storerooms and stalls for business purposes, shall be metered separately from any residential use, and vice versa.
- G. In addition to the collection of regular rates, the Association may collect from the member a proportionate share of any tax required by law, based on gross revenue received by the Association.

IV. Association's Responsibility.

- A. The Association will install, maintain and operate a main distribution pipeline or lines from the source of water supply, service lines from the main distribution line or lines to the place of metering and its own meters at said delivery points. The cost of the service line or lines from the main distribution line or lines of the Association to the metering point of each member is included in the tap fee. The Association shall install a cut-off valve in each service line from its main distribution line or lines, such cut-off valve to be owned and maintained by the Association and to be installed on some portion of the service line owned by the Association. The Association shall have the sole and exclusive right to use such cut-off valve.

PUBLIC SERVICE COMMISSION

RULES AND REGULATIONS

B. Each member shall be entitled to one (1) service line from the Association's water system unless otherwise approved by the Board of Directors, provided that the member shall pay the required tap fee for each service line. No new service line or change in an existing service line may be made which will interfere with an existing service line or delivery of water therein. Each service line shall connect with the Association's water system at the nearest available place to the place of desired use by the member. If the Association's water system has sufficient capacity to permit the delivery of water through a service line, at that place without interfering with the delivery of water through prior service lines, then such service line shall be installed at such place as may designated by the Association. Each member will be required to purchase, install and maintain such portion of the service line or lines from his meter to his own dwelling or other place of use at his own expense, provided that the Association, at the member's request, may if the Board of Directors so elect, purchase the pipe for and install such portion of such service line or lines, the cost of which will, be paid by the individual members.

C. The Association will cause an initial inspection to be made of the member's piping or apparatus to ensure compliance with all applicable laws and regulations.

V. Association's Liability.

A. The Association reserves the right to refuse service unless the member's lines or piping are installed in such manner as to prevent cross-connections or back-flow.

B. The Association shall not be liable for damage of any kind whatsoever resulting from water or the use of water on the member's premises, unless such damage results directly from negligence on the part of the Association. The Association shall not be responsible for any damage done by or resulting from any defects in piping, fixtures, or appliances on the member's premises. The Association shall not be responsible for negligence of any third persons, or forces beyond the control of the Association resulting in any interruption of service.

VI. Member's Responsibility.

A. Piping on the premises of the member must be so installed that the connections are conveniently located with respect to Association lines and mains.

B. If the Association is called upon to provide additional meters, each place of metering will be considered as a separate and individual account.

C. The member shall provide a place of metering, which is unobstructed and

- D. The member shall furnish and maintain a private cut-off valve on the member's side of the meter, outside of the meter box.
- E. The member's piping and apparatus shall be installed and maintained by the member at the member's expense in a safe and efficient manner and in accordance with the Association rules and regulations and in full compliance with sanitary regulations of the State Board of Health. The Association suggests that the service line be at least 150 PSI pipe and 28" to 32" beneath the surface.
- F. The member shall guarantee proper protection for the Association's property placed on the member's premises and shall permit access to it only by authorized representatives of the Association.
- G. In the event that any loss or damage to the property of the Association or any accident or injury to persons or property is caused by or results from the negligence or wrongful act of the member, his agent or employees, the Association reserves all legal rights including but not limited to the recovery of the costs of necessary repairs or replacements. Nothing stated in these rules and regulations shall be deemed a waiver of this right.
- H. Water furnished by the Association shall be used only for domestic consumption by the member, members of his household and employees. The member shall not sell water to any other person or permit any other person to use said water. Water shall not be used for irrigation, fire protection, or other purposes, except when water is available in sufficient quantity without interfering with regular domestic consumption. Any violation of this rule shall be deemed cause for refusal or discontinuance of service.

VII. Extensions to Mains and Services.

- A. An extension of fifty (50) feet or less shall be made by the Association to its existing distribution main without charge to a member who shall apply for and contract to use service for one (1) year or more.
- B. When an extension of the Association's main amounts to more than fifty (50) feet per member, the Association shall require the total cost of the excess footage over fifty (50) feet per member to be deposited with the utility by the member(s), based on the average estimated cost per foot of the total extension.

- C. Each member receiving service under such extension will be reimbursed under the following plan: Each year for a period of not less than ten (10) years, which for the purpose of this rule shall be the refund period, the Association will refund to the member(s) who paid for the excess footage the cost of fifty (50) feet of the extension in place for each additional member connected during the year whose service line is directly connected to the extension installed and not to extensions or laterals therefrom, but in no case shall the total amount refunded exceed the amount paid the utility. After the end of the refund period, no refund will be required to be made.
- D. Member applicants desiring an extension to a proposed real estate subdivision shall be required to pay the entire cost of the extension. Each year for a period of ten (10) years the Association shall refund to the member who paid for the extension a sum equivalent to the cost of fifty (50) feet of the extension installed for each additional member connected during the year but in no case shall the total amount refunded exceed the amount paid to the Association. After the end of the refund period from the completion of the extension no refund will be required to be made.
- E. The Association may make extensions under different arrangements provided such arrangements are approved by the Public Service Commission. The Association may make extensions of greater than fifty (50) feet per member, should its judgement so dictate, provided like extensions are made to other members under similar conditions.
- F. All extensions must be approved by the Board of Directors before construction begins. The Board is to cause inspection of the extensions and see that all work is completed in accordance with State regulations as well as those regulations of the Association.

VIII. Access to Premises.

- A. Duly authorized agents of the Association shall have access, at all reasonable hours, to the premises of the member for the purpose of installing or removing Association property, inspecting piping, reading or testing meters or for any other purpose in connection with the Association's service and facilities.
- B. Each member shall grant and convey, or shall cause to be granted and conveyed to the Association, a permanent easement and right-of-way across any property owned or controlled by the member wherever said permanent easement and right-of-way is necessary for the Association to furnish service to

IX. Change of Occupancy.

- A. Not less than three (3) days notice will be given in person or in writing to the Association in order to discontinue service or to change occupancy.
- B. The outgoing party shall be responsible for all water consumed up to the time designated for discontinuance of service.
- C. The charge set in the Special Charges Schedule will be made for each meter for each turn on/change over.

X. Meter Reading - Billing - Collection

- A. Meters will be read and bills rendered monthly, indicating the meter reading and the billing dates, but the Association reserves the right to vary the dates or length of period covered.
- B. Bills for water will be in accordance with the Association's rate schedule, which will be published in the Richmond Register once each year or when rates are changed.
- C. Charges for service commence when meter is installed and connection is made, whether used or not.
- D. Readings from different meters will not be combined for billing purposes under any circumstances.
- E. Bills are due when rendered and become delinquent ten (10) days later. A 10% penalty will be added to all delinquent bills.
- F. Delinquent notices will be mailed to the member ten (10) days after the regular monthly billing date (billing date is the date of mailing). The notice will show the amount due and indicate a final due date for payment and state that service may be discontinued after the final due date if payment is not made. The final due date will be no less than twenty (20) days after the mailing date of the original bill. Notice to disconnect shall be given at least 48 hours before disconnection. All bills and notices will be mailed to the last known address of the member. In no event shall service be cut off before the 20th day after the date on which the original bill was mailed to the consumer. In the event the consumer submits a written certificate of a physician, registered nurse, or public health officer to the Association, stating that discontinuance of service will aggravate an existing illness or infirmity on the effective premises, service shall not be discontinued until the affected resident can make other living arrangements or until 10 days elapse from the Association's written notice, whichever occurs first.

G. Failure to receive bills shall not prevent such bills from becoming delinquent nor relieve the member from payment.

XI. Suspension of Service.

- A. When service is discontinued and all bills paid, membership certificates will be cancelled by the Association.
- B. Upon discontinuance of service for non-payment of bills, the deposit will be applied by the Association toward payment of the account.
- C. Service discontinued for non-payment of bills will be restored only after bills are paid in full, and applicable reconnection fees have been paid for each meter reconnected.
- D. The Association reserves the right to discontinue its service, without notice, for consumer's fraudulent or illegal use of service.
- E. When a dangerous condition is found to exist on the consumer's or applicant's premises, the service shall be cut off without notice or refused, provided that the Association notify the consumer or applicant immediately of the reasons for the discontinuance or refusal and the corrective action to be taken by the applicant or consumer before service can be restored.

XII. Complaints - Adjustments.

- A. If a member believes his bill to be in error, he shall present his claim, in person or in writing, to the office of the Association before the date of service termination. A member's account shall be considered to be current while a dispute is pending, as long as the member continues to make payments for the disputed period in accordance with historic usage, or if that data is not available, the average usage of similar member loads, and stays current on subsequent bills. If the member is not satisfied by the actions taken by the office of the Association, the member may present his claim in person or writing to the Board of Directors of the Association, and the PSC.
- B. The Association will make special meter readings at the request of the member for a fee as set out in the special charges for the Association, provided, however, that if such special reading discloses that the meter reading was incorrect, no charge will be made.
- C. In accordance with Public Service Commission Regulations, Chapter 5; 807 KAR 5:006, Section 20 and Section 21, meters will be tested at the request of the member. XIII. Fire Protection.

The Kirksville Water Association, Inc. is a distribution system, not a fire protection system. The system was designed and constructed to supply its members with potable water for domestic use only. The pipe used by the Association is not of sufficient size or design to provide enough water for fire fighting. Use of a fire hydrant on the distribution system for fighting fires may result in collapse of the pipeline resulting in a total loss of water. The Association does have a few fire hydrants. These hydrants were installed for line flushing purposes. The Association does allow qualified fire fighters to connect collapsible discharge hoses to the hydrants to fill pumper trucks. Only collapsible discharge fire hoses may be used. Fire hydrants are to be used only for filling pumper trucks for fire-fighting or by the Water Association. The Water Association does hereby disclaim any warranty or liability for damages to persons or property resulting from use of the hydrants to fight fires. The user of the fire hydrant shall be responsible for any and all damage to the water distribution system that may occur.

Contract for Water Service Receipt Number _____

This contract made and entered into this day _____ between WATER USER, and _____, whose address is _____ WATER USER, and Kirksville Water Association, SUPPLIER.

The WATER USER agrees to pay a connection/turn-on fee of _____ and deposit of _____ at the of signing this contract.

For NEW meter installations, the WATER USER agrees to contract for services for no less than one year. The WATER USER agrees to pay at least a minimum monthly bill after the 3/4" meter is installed or turned on until such time when the service is disconnected by a person acting on behalf of the SUPPLIER. Notice must be given to the SUPPLIER whenever the WATER USER desires to discontinue water service.

The WATER USER agrees to permit the SUPPLIER to lay, maintain, repair, remove and disconnect a service line and meter, and read at a point on WATER USER'S property to be designated by the SUPPLIER for each signed connection with the right of ingress and egress on property. The WATER USER shall guarantee proper protection for the property of the SUPPLIER placed in the WATER USER'S premises and shall permit access to it only by authorized representatives of the SUPPLIER. Damages to the property of the SUPPLIER will be repaired at the expense of the WATER USER.

The WATER USER shall install and/or maintain at his own expense a service line which shall begin at the meter and extend to the dwelling or place of use. The service line shall be no less than 3/4" service pipe and all NEW service lines must be inspected by the plumbing inspector and a copy of the inspection permit must be on file with the SUPPLIER.

A separate water meter must be installed for each residence.

The WATER USER agrees to comply with and be bound by the Articles, Bylaws, Rules and Regulations of the SUPPLIER, now in force, or as hereafter duly and legally supplemented, amended or changed.

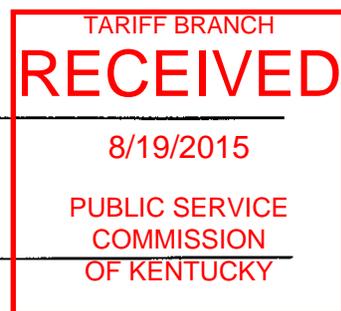

Payment Policy - Non-payment on or before stated due date will result in a penalty of 10% of the delinquent amount. Non-payment within twenty days of the mailing date of the bill will result in water being shut off from the WATER USER'S property. Notice will be sent, by mail, to the WATER USER concerning this penalty. In the event it becomes necessary to discontinue water service, due to non-payment, a fee will be charged for reconnection of the service. The WATER USER will also be required to pay all delinquent accounts and the original deposit paid may be increased.

Water bills may be paid at our office, during regular business hours, at night depository (located at our office), or by mail. We are not responsible for mail delivery. Failure to receive bills or notices shall not prevent such bills from becoming delinquent, nor relieve WATER USER from payment of penalties imposed.

CONTRACT FOR NEW SERVICE

I hereby make application and authorize Kirksville Water Association to turn on the water at the address listed below and I agree to **PAY ALL BILLS** by the due date specified on the bill for water furnished to any address for which I have requested water service. I also hereby agree to continue to be responsible for the same until I notify the KIRKSVILLE WATER ASSOCIATION in writing to the contrary. **KIRKSVILLE WATER ASSOCIATION IS NOT RESPONSIBLE FOR MAIL DELIVERY.**

I agree to take the necessary measures to protect the meter box, meter setter and the service during the time of my service. I will be responsible to Kirksville Water Association for damages caused by me. I am also responsible for any damages caused by my contractor and/or sub-contractor during any on site construction.

I agree to abide by and comply with all the rules, regulations and rates of the Kirksville Water Association as approved by the Public Service Commission of the Commonwealth of Kentucky and as changed when deemed necessary.

If at any time, any bill owed by me to Kirksville Water Association, whether collectible under this agreement or otherwise, is not paid when due or payable, then the Kirksville Water Association shall have the right to discontinue the water service to this location.

The Kirksville Water Association will require a photo ID, a customer security deposit and a service fee prior to activating water service at any location on their water system.

A SEPARATE WATER METER MUST BE INSTALLED FOR EACH RESIDENCE
