RULES AND REGULATIONS

The customer becomes a member of this district upon payment of a meter deposit and connection fee as prescribed by the Commission of the South Hopkins Water District and as a member are subject to the following rules and regulations:

Water service may be discontinued by the District for any violation of any rule, regulation, or condition of service and especially for any of the following reasons:

1. Misrepresentation in the application or contract as to the property or fixture to be supplied or additional use to be made of water.
2. Failure to report to the District additions to the property or fixtures to be supplied or additional use to be made of water.
3. Resale or giving away of water to any user in the district boundaries where water is provided by the district.
4. Waste or misuse of water due to improper or imperfect service pipes and or failure to keep in suitable state of repair.
5. Tampering with meter, meter seal, service or valves or permitting such tampering by others.
6. Connection, cross-connection or permitting the same, of any separated water supply to premises, which receive water from the district.
7. Non payment of bills

Bills are due and payable at the office of the District on the date of issue. Any bill not paid by the date shown on the water bill will be deemed delinquent and will be served a written notice, the water supply to the customer may be discontinued without further notice. A charge of \$10.00 will be collected to replace a meter removed for non-payment of bills, re-connection will not be made until after all delinquent bills and other charges, if any, owed by the customer is paid.

Payment of any bill, deposit connection or tap fee as well as all requests for services, meters, changes of address, etc., should be made at the district office and not to maintenance personnel. Any money given to maintenance personnel will be accepted at the customers risk.

Where a meter has ceased to register or meter reading could not be obtained, the quantity of water consumed will be based upon an average of the prior 6 months consumption and the conditions of water service prevailing during the period in which the meter failed to register.

The District shall in no event be held responsible for any claim made against it by reason of the breaking of any main or service pipe or by reason of any other interruption of the supply of water caused by the failure of machinery or stopped for necessary repairs. Customers shall be entitled to damage nor for any portion of the bill for any interruption of service which in the opinion of the District may be deemed necessary.

RULES AND REGULATIONS

Customers having boilers and or pressure vessels, such as a water heater, receiving a supply of water from the district must have a check valve on the water supply line and a vacuum valve on the steam line to prevent collapse in case the water supply from the District is discontinued or interrupted for any reason, with or without notice.

The premises receiving a supply of water and all service lines, meters and fixtures, including any fixture within said premises, shall at all reasonable hours be subject to inspection by the District.

Piping on the premises of a customer must be installed that connections are conveniently located with respect to the Districts lines and mains. The customer shall provide a place for metering which is unobstructed and accessible at all times.

The customers service line shall be installed and maintained by the customer at his own expense in a safe and efficient manner and in accordance with the Districts rules and regulations.

If any loss or damage to the property of the District or any accident or injury to persons or property is caused by or results from the negligence or wrongful action of the customer, member of his household, his agent, or employee, the cost of the necessary repairs or replacement shall be paid by the customer to the District and any liability otherwise resulting shall be that of the customer.

Water furnished by the District may be used for domestic consumption by the customer, member of his household and employees only. The customer shall not sell or give away the water to any other person, who could obtain water service from the water district.

All customers shall grant or convey or shall be caused to be granted or conveyed to the District a perpetual easement and right-of-way across any property owned or controlled by the customer wherever said easement or right-of-way is necessary for the District water facilities and line, so as to be able to furnish service to the customer.

~~No houses cannot be allowed the use of one meter, however, a house and mobile home may use one meter if the owner of the house will be responsible for payment of entire water bill, which will include a double flat rate of \$10.00 for the first 2,000 gallons instead of \$6.80 for 2,000 gallons. Any additional water over 2,000 gallons will be billed at the regular as shown on the water bill. The above and any other rates in effect are subject to change at a later date by order Utility Regulatory Commission.~~

If the customer on two separate occasions deposits a check which is returned by the bank to the District, the District may refuse any further checks and will request payment be made by cash or money order only.

Complaints may be made to or filed with the District and may be appealed to the Board of Commissioners within ten days, otherwise; the operation of the District will be continued.

RULES AND REGULATIONS

SERVICE CONNECTION CHARGES AND TAP ON FEE

In order to obtain water service, a customer shall pay a connection fee of \$190.00 and a meter deposit of \$10.00, or a total initial charge of \$200.00.

MOBILE HOMES AND HOUSES SITUATED ON SAME PROPERTY

With respect to all new customers who obtain service after the effective date of this Tariff (9/12/79), each customer, including both houses and mobile homes, regardless of location, shall have a separate meter.

With respect to instances where a house and mobile home were being served from the same meter on the effective date of this Tariff, the service may be continued; however, that service will be billed on the basis of two (2) times the minimum billing for the first 1,000 gallons, plus additional useage at the regular rate, divided by two (2) where more than one (1) bill is rendered.
